

Cybersecurity Seminar

October 18, 2023, 9 a.m. – 4 p.m.

\$395 per person

Kentucky CPAs Society

1735 Alliant Avenue, Louisville

Program Summary

This seminar is designed to provide training on evolving cybersecurity threats and what your bank should do to build a strong Information Security Program that helps protect against these threats. We will identify components of a comprehensive Information Security Program that enables successful IT Examinations and minimizes your risk against real-world threats. This seminar will walk you through various FFIEC, FDIC, and OCC resources, as well as other industry best practices. We will also review some timely hot-stove topics, including Pandemic Preparedness, Managed Service Providers, and creating a Culture of Security at your institution.

Topics Covered

- Modern Cyber Attacks are Automated
- Current Regulatory Guidance and GLBA Overview
- Use your IS Risk Assessments to make better decisions, including:
 - IT Risk Assessment
 - Vendor Management
 - Business Processes (BIA)
 - Cybersecurity (Organizational) Risk Assessment
- Responsibilities of an Information Security Officer
- How to Build Out an Incident Response Playbook
- Real-World Case Study: Ransomware
- Real-World Case Study: Business Email Compromise
- Top 6 Controls to Mitigate Cyber Risk

Who Should Attend

This seminar is perfect for Information Security Officers and Information Technology Staff, but will also provide great value to Compliance Officers, Auditors, Presidents, and Board of Directors.

- ✓ TAKE AWAY IDEAS TO CREATE AND MAINTAIN A CULTURE OF CYBERSECURITY AT YOUR ORGANIZATION.
- ✓ PREPARE FOR SUCCESSFUL IT EXAMINATIONS AND MINIMIZES YOUR RISK AGAINST REAL-WORLD THREATS.
- ✓ PREPARE TO “FAIL WELL” WITH THE BUILDING BLOCKS OF A MODERN INCIDENT RESPONSE PLAN FOR TODAY’S CYBER THREATS.

Speaker

Shane Daniel, CPA, CISA, CRISC, CIA, CGEIT
Senior Information Security Consultant
SBS CyberSecurity

Shane Daniel works to help organizations identify and understand cybersecurity risks to allow them to make better and more informed business decisions.

As a former community bank internal auditor and compliance officer, Shane has over 25 years of experience helping financial institutions manage risk and profitability. He is driven to be an expert in his field by maintaining a variety of premier industry certifications, including Certified Public Accountant (CPA), Certified Information Systems Auditor (CISA), Certified in the Governance of Enterprise IT (CGEIT), Certified in Risk and Information Systems Control (CRISC), and a Certified Internal Auditor (CIA). Shane specializes in risk management, information technology audit, Bank Secrecy Act independent testing, compliance management, information security, and internal audit outsourcing.

Shane performs speaking engagements, conducts trainings, has had multiple articles published, and hosts educational webinars.

Questions

Please contact Jamie Hampton at jhampton@kybanks.com or (502) 582-2453. For a complete listing of KBA programs, or to register online, please visit www.kybanks.com. Dress is business casual. Check in for the seminar begins after 8:30 a.m. A light breakfast will be available.

Foundations of Banking School December 4-8, 2023

The curriculum consists of practical classroom sessions and experience with a computer-generated bank simulation. Through this hands-on practical training, bankers will gain:

- An increased understanding and appreciation of all functions within the bank, allowing participants to contribute more effectively to their bank
- An understanding of banking's role in the financial services industry.
- The opportunity to expand skills and knowledge beyond on-the-job training as preparation for additional responsibilities.
- An excellent foundation for bank continuing education.

For more details or online registration go to www.kybanks.com.
