

Cybersecurity Seminar

October 16, 2025, 9 a.m. – 4 p.m.

\$395 per person

Unified Technologies

11500 Blankenbaker Access Drive, Louisville

This interactive seminar is designed to provide education on emerging cybersecurity threats and inform you of best practices to prevent, detect and respond to these threats. The seminar will set you up with the tools and knowledge needed to assist your institution in creating and maintaining a comprehensive information security program to protect your institution's critical infrastructure. You will also learn about the components your institution should have in place for an information security program to pass regulatory scrutiny.

Topics

- Modern Cyber Attacks are Automated
- Current Regulatory Guidance and GLBA Overview
- Use your IS Risk Assessments to make better decisions, including:
 - IT Risk Assessment
 - Vendor Management
 - Business Processes (BIA)
- Cybersecurity (Organizational) Risk Assessment
- Responsibilities of an Information Security Officer
- How to Build Out an Incident Response Playbook
- Real-World Case Study: Business Email Compromise
- Top 6 Controls to Mitigate Cyber Risk

- ✓ TAKE AWAY IDEAS TO CREATE AND MAINTAIN A CULTURE OF CYBERSECURITY AT YOUR ORGANIZATION.
- ✓ PREPARE FOR SUCCESSFUL IT EXAMINATIONS AND MINIMIZES YOUR RISK AGAINST REAL-WORLD THREATS.
- ✓ PREPARE TO "FAIL WELL" WITH THE BUILDING BLOCKS OF A MODERN INCIDENT RESPONSE PLAN FOR TODAY'S CYBER THREATS.

Who Should Attend

This seminar is perfect for Information Security Officers and Information Technology Staff, but will also provide great value to Compliance Officers, Auditors, Presidents, and Board of Directors.

Speaker

Cody Delzer, CISA, CDPSE, Principal Consultant at **SBS CyberSecurity, LLC**, a company dedicated to helping organizations identify and understand cybersecurity risks to make more informed and proactive decisions. He is also an instructor for the SBS Institute, leading the Certified Banking Cybersecurity Manager (CBCM) course.

Cody maintains Certified Information Systems Auditor (CISA) and Certified Data Privacy Solutions Engineer (CDPSE) certifications. He received his Bachelor of Science in Computer and Network Security from Dakota State University.

Cody has over 14 years of risk management, audit, and consulting experience in the financial services industry, specializing in IT and IT security, systems operations, and information assurance. He joined the SBS team in 2011 and has transitioned into a senior leadership role as the Principal Consultant.

Cody is passionate about sharing his cybersecurity knowledge and supporting his clients as they strive for increased cyber maturity. On top of being an instructor for the SBS Institute certification program, he speaks at conferences, authors blog posts and articles, hosts webinars, and conducts training.

Cybersecurity Seminar

Cancellation Policy

Questions

Please contact Jamie Hampton at jhampton@kybanks.com or (502) 582-2453. For a complete listing of KBA programs, or to register online, please visit www.kybanks.com. Dress is casual. Check in for the seminar begins after 8:30 a.m. Breakfast will be available.

Foundations of Banking School December 1-5, 2025

The curriculum consists of practical classroom sessions and experience with a computer-generated bank simulation. Through this hands-on practical training, bankers will gain:

- An increased understanding and appreciation of all functions within the bank, allowing participants to contribute more effectively to their bank
- An understanding of banking's role in the financial services industry.
- The opportunity to expand skills and knowledge beyond on-the-job training as preparation for additional responsibilities.
- An excellent foundation for bank continuing education.

For more details or online registration go to www.kybanks.com.
