Commercial Real Estate

Commercial Real Estate growth opportunities have accelerated over the last few years. With that in mind, this presentation looks at today's commercial real estate landscape, highlighting emerging risks and opportunities shaping the market. Examiners will break down regulatory expectations for loan underwriting, administration, and portfolio risk management practices.

Attendees will walk away with practical insights to enhance portfolio strategy, improve risk management practices, and stay ahead of supervisory priorities.

Compliance Hot Topics

Regulatory compliance continues to evolve in 2026 and should be a routine part of your board discussions. This presentation will highlight key compliance topics including electronic fund transfers, third-party relationship compliance oversight, FDIC's new Subpart B of Part 328, and a refresher on CMS and CRA.

Check Fraud

Although the utilization of paper checks has steadily declined, instances of check and payments fraud have significantly increased in the last decade. This presentation will explore the latest trends in check and payment fraud and common mitigation strategies.

National and Local Economic Conditions

The economy remains volatile, making prudent planning more challenging as forecasts change frequently. This session will provide attendees with an overview of national, state, and local economic conditions by analyzing the latest trends in sectors such as labor, housing, and commercial real estate.

Regulatory Panel

An open forum to engage FDIC Chicago Regional management, as well as your local FDIC management and state authority, on topics important to your bank and the banking industry.

Who Should Attend

Bank Directors, Chief Executive Officers, Presidents, Senior Management, Chief Financial Officers and Compliance Officers.

Hosted by executive staff from the

Foundations of Banking School December 2026

The Foundations of Banking School curriculum *walks* the banker through the bank using the balance sheet and income statement as the guides for understanding bank profitability. Several additional components have been added to the curriculum to enhance an individual's grasp of the material and to strengthen their ability to interact and relate to their peers, employer and the organization. This innovative curriculum was developed especially for Kentucky bankers.
